

THE GREAT GAME OF POLITICS

By FRANK R. KENT

CIO Political Shrinkage

Washington, Aug. 23.—IN THE last four months the political position of the CIO and its PAC has changed considerably—a and from their standpoint not for the better. After the last election leaders of this organization were convinced they had achieved a political dominance in American history and from which they could not be dislodged.

THERE WERE sound grounds for this feeling. They had a President unconsciously allied with them. The President's wife was a member of their organization. They were able to run in and out of the White House as they pleased. They were consulted by the President on questions with which they had nothing to do. The Attorney General proudly proclaimed the link between the labor leaders and the Administration. They claimed to have twice elected Mr. Roosevelt and certainly they had much to do with his election, aiding him not only with votes but with large financial contributions to his campaign.

IN THE last one they overshadowed the Democratic party, relegated the national party chairman to a secondary position, created a machine of their own which threatened to take over the business of practical politics from the regulars. And they had succeeded in making long strides toward their closed shop goal. As a result, we had what, in effect, was a labor government—almost as completely labor as the one the British have now, with a labor-obligated President and an unrevealed program which ultimately would have been found not very far short of the avowed one upon which the British people voted.

BUT things have changed. Mr. Roosevelt is dead; Mrs. Roosevelt is no longer in the White House; big department heads are no longer as servile and subservient as they were. It is true Mr. Truman's nomination was approved by the Congress. Hillman and Murray at Chicago and that he has what the labor bosses called a "good" voting record. Continued On Page Two

Capriotti Ends Furlough; Holds Some High Awards

2nd Lt. Armando Capriotti has returned to Camp San Luis Obispo, following 20 days' furlough with his parents, Mr. and Mrs. John Capriotti, 2315 Wilson avenue.

2nd Lt. Capriotti spent 11 months in the European Theatre of Operations, he being a member of the 104th (Timberwolf) Infantry Division. He has served 2½ years in the army.

The localite holds the Silver Star medal and the Bronze Star medal, and wears three battle stars on his ETO ribbon. He also has the Good Conduct ribbon and the Combat Infantryman's badge.

The citation accompanying the Silver Star medal award states in part that Lt. Capriotti "courageously and skillfully led his men in an assault against a strongly defended town. As a group of men were pinned down in an open field he exposed himself to cover their advance with smoke grenades. He then led a skillful action against the numerically superior enemy force, inflicting heavy casualties on the enemy and withdrawing only after obtaining valuable information."

Mr. and Mrs. Walter Bowker and family are spending this week in Wildwood, N. J.

1st Lt. Harry Erny and wife are enjoying a 21-day furlough, coming from Texas. They are visiting their parents, Mr. and Mrs. George Erny, Newportville.

EMILIE

Mrs. Benjamin Hoyland has returned to Johnstown to take up her duties as a school teacher, after spending the summer with her parents, Mr. and Mrs. Lloyd Felix, and Mrs. Fred Archer, Philadelphia, were Sunday guests of Mr. and Mrs. Francis Prall.

Mr. and Mrs. Bernard Beese are visiting Mr. Beese's relatives, here. Bernard recently returned home after his release from a German prison camp in which he was confined for over a year.

BIRTHS AT HOSPITAL

Mr. and Mrs. Max Litten, Bolton arm, Bristol Township, are parents of a girl born yesterday in Harriman Hospital.

Last evening a son was born to Mr. and Mrs. Robert Hoele, of Langhorne, in Harriman Hospital.

VETERANS OF PACIFIC BATTLES WILL BE LED BY GEN'L M'ARTHUR TO TOKYO AIRFIELDS FOR OCCUPATION OF JAPAN

As Airborne Units Drop to Airdromes, Halsey's Third Fleet Will Steam Into Tokyo Bay and Land Marines and Other Amphibious Troops—Planes and Thousands of Men Being Readied for The Historic "Mission to Tokyo."

By Howard Handleman
(U. S. Staff Correspondent)

MANILA, Aug. 23.—(INS)—American planes bearing grim veterans of Pacific battles, personally led by Gen. Douglas MacArthur, will streak out of dawn skies to Tokyo airfields Tuesday and the occupation of conquered Japan will be under way.

MacArthur, as supreme commander for the triumphant Allied forces, will accept Japan's formal surrender Friday, August 31, aboard the battleship Missouri in Tokyo Bay.

As the airborne units drop down on the bomb-battered capital's airdromes, cocky Admiral William F. "Bill" Halsey's Third fleet will steam into Tokyo Bay and land Marines and other amphibious troops at Yokosuka Naval Base.

On Okinawa today hundreds of great four-engine transport planes, bombers and fighters were being readied by ground crews numbering thousands of men for the historic "mission to Tokyo."

From the moment the first planes and ships reach the Empire's home soil the strength of the occupation forces will mount hourly until Japan witnesses the mightiest display of sea, air and ground power the world has ever known.

MacArthur announced selection of the battleship Missouri—named for President Truman's home state

—for the formal surrender ceremony along with details of the initial landings.

Preliminary to the first landings and to assure full protection to the occupation troops, he disclosed, naval forces will occupy coastal waters of Japan and Japanese-controlled areas by 6 a. m. Saturday (2 p. m. Friday PWT).

At the same time swarms of Allied planes will begin surveillance flights over Japan.

Japanese authorities, showing rapidly increasing alacrity in obeying the supreme commander's orders, already have started withdrawing Japanese troops from the initial zone of occupation.

Domei agency warned again and again that any show of resistance would be disastrous.

MacArthur commanded that the Imperial General Staff be at Atsugi airfield, on the outskirts of Tokyo, at 6 a. m. Tuesday when he and his staff land with the airborne troops.

Tokyo said some Allied planes would land at Atsugi Sunday (Saturday, U. S. time), but MacArthur made no comment on this report and if such landings are made they probably would be merely preparatory to MacArthur's arrival.

At the formal capitulation ceremony aboard the Missouri MacArthur will sign the surrender in—

BACK FROM CBI AREA

CPL. FRANCIS L. WILSON

Who has been granted an honorable discharge from the U. S. Army, following three years service, two of which were spent in the China-Burma-India Theatre of Operations.

TROPICAL ILLNESS WORSE FOE THAN 'JAP'

Cpl. Francis L. Wilson Found Burma Road Mud Hard to Contend With

FLIES, CHINA TO U. S.

Outstanding in the army reminiscences of Cpl. Francis L. Wilson in the years to come will be the rains and mud of the Burma Road. Cpl. Wilson spent two of his three years with the army in the China-Burma-India Theatre of Operations, and for six months of that period was with the 10th Air Force in China as a combat quartermaster.

Cpl. Wilson, who has been given an honorable discharge from the army, is now at the home of his parents, Mr. and Mrs. Frank Wilson, 619 Race street. He participated in some of the first truck convoys over the famed Burma Road, when supplies were carried by those vehicles to the Allied forces. During these numerous trips the Bristolian experienced all kinds of weather, the heavy rains and the mud making travel difficult on the treacherous turns and slopes of the mountains. He and his comrades, he states, found illness such as malaria and other tropical diseases, their greatest foe—in fact these caused more difficulty than the enemy he claims. Although the convoys were not attacked very often, the straining raids on the thoroughfare being few as far as the oculte is concerned, the mess halls were attacked frequently at "chow" time.

One time, caught between enemy lines and their own, Wilson and some companions endeavored to reach their own lines. He made it, but not before he fell into a huge bomb crater.

During his overseas stay Cpl. Wilson met several Bristol men.

One of his greatest thrills was to trip by airplane home from China. Boarding a plane in China he flew to Karachi, India; then after several other stops arrived a few days ago at the Army Air Base, New Castle, Del.

The young man, who trained at Camp Lee, Va.; Camp John T. Knight, Cal.; and Camp Stoneman, Cal., wears in addition to the CBI ribbon with three battle stars, the American Defense ribbon and Good Conduct ribbon.

The child at present is in the hospital and the Swank residence today was placed under a 10-day observation quarantine.

The Bristol health board met last evening and decided that the precautionary quarantine placed August 6th should still remain in effect.

This is the first case of "polio" in Bristol this year. There were two suspected cases, but tests proved negative.

Two suspected cases involving Bristol Township children have been diagnosed as "polio" the parents have been advised. The victims are Janet Sue, three years, and "Betty Lou," nine months, daughters of Mr. and Mrs. James Entriakin, 194 Schumacher Drive, Bristol Terrace. The children were admitted to Camden Municipal Hospital, Camden, N. J., on Tuesday morning, after a Cape May, N. J., physician had tentatively diagnosed their ailment as poliomyelitis. Tests at the hospital prove the children are suffering with that disease, the parents now have been informed.

The baby, "Betty Lou," is partially paralyzed in the right arm and leg, and since yesterday Janet

SOCIALIZED MEDICINE

The Wagner-Murray-Dingell Bill, which will be up for action shortly after Congress reconvenes, has been thoroughly exposed as a bid for a highly expensive form of socialized medicine.

Abundant proof of this phase of the measure already has been spread before the American people. Senator Wagner fooled no one when he said that "we are opposed to socialized medicine or state medicine."

The bill would turn over to bureaucrats the say-so about health matters of approximately 110,000,000 American people—provide for general and special medical, dental, laboratory and hospital care and for home medical services.

The government would hire the doctors, fix their fees, determine how many and what cases each might treat, and dictate which hospitals and clinics might provide service for patients.

If this does not spell socialized medicine, what does it spell?

The program would be financed by a direct payroll tax of 8 per cent—one dollar in each twelve taken from the pay envelopes. Even this huge new tax, however, would be quite inadequate for the full program, and the shortage would have to come out of the general treasury.

The cost and socialization of the measure, however, are not all its dangerous features.

Actually it represents the boldest Communistic scheme yet advanced for arriving at bureaucratic dictatorship in a single step.

In one direction it would push the nation irresistibly towards final bankruptcy, and in the other it would give the American people a sort of dress-rehearsal of the serfdom awaiting them if the present radical trends in this nation are not reversed.

The nation already is on the threshold of insolvency under the weight of a national debt larger than the combined value of all our assets.

In such a hazardous fiscal position, instead of economizing and starting to repay the debts, the proponents of the bill would embark on a vast new deficit program. Some 15,000,000 more persons would be brought under Social Security with no adequate means of financing the extensions. A million or so new Federal employees would be hired to administer the program.

The plan not only contemplates immense new expenditures, but would commit the nation to an indefinite extension of deficit financing.

Moreover, included in the bill is nationalization of the Unemployment Compensation program, now in the hands of the state. What this means is that the funds, now set aside as a sort of insurance pool for the benefit of working men and women, would be turned over to the tender mercy of the Washington bureaucrats. There certainly is no reason to doubt that there those funds would go the way of so much of the Social Security deductions, which were treated as "current revenues" and spent as fast as received.

By indirection, the effect of the plan might be to rock national credit from another side. Students of the

409 FILE CLAIMS FOR UNEMPLOYMENT FUNDS

1607 of Estimated 2700 To Be Laid Off Here in Two Weeks Are Out of Work

400 JOBS ARE LISTED

Of the 2,700 war-plant workers which it had been estimated would be laid off in this area within two weeks of the termination of hostilities with Japan, approximately 1,670 have been laid off thus far. This is according to figures issued by the United States Employment Service office, Mill street.

Of the 1,670, there have been 409 who have filed claims for unemployment benefits at the local U. S. E. S. office. The figure of 409 is far below what officials at the U. S. E. S. office here know as the number laid off in the area, but many workers are believed to be filing their claims in other cities, possibly nearer to their homes. Many workers had been recruited from distant points, it is stated. It is believed, however, that several eligible for compensation and residing in this area have not yet filed claims. These are reminded by officials that claims will not be back-dated. Members of this group are urged to report at the earliest opportunity to file claims.

Facilities at the U. S. E. S. office are taxed to the utmost, but workers continue to handle the crowd fairly expeditiously.

The hold-up at present, it is stated, is that all must first be registered for employment, and this process takes time. On the other hand, filing of applications for benefits takes much less time. Arrangements have been made with all firms in this area having major lay-offs to give the workers who are laid off application forms for unemployment compensation benefits. Thus the workers can fill in these forms and have them ready when

Kiwanis Entertains At A Ladies' Night

DOYLESTOWN, Aug. 23.—An old-fashioned train hold-up, minus the shootin', took place last night at a "ladies' night" party of the Kiwanis Club of Doylestown, held at Forest Park, Chalfont.

After dinner had been served the women were invited to the park's miniature railroad station where they boarded the cars on the narrow gauge line for a trip around the park.

At a secluded spot along the trip, two masked and armed bandits held up the train and ordered the women out of the cars and to "stick 'em up."

out of the cars and to stick 'em up. Instead of the usual bandit maneuvers from that point on, the masked men—two members of the entertainment committee—presented each woman with a small gilt framed landscape painting in oil is a favor, and the train returned to the station.

An eight-act vaudeville bill followed including Philadelphia's famous "Night Owl" radio commentator, Powers Goutraud, and others.

DRILL ENGINE STRIKES SEDAN; DRIVER UNHURT

Accident Occurs at P. R. R. Siding and Approach To Burlington-Bristol Bridge

CAR BADLY DAMAGED

The driver of an automobile had a very narrow escape from serious, if not fatal, injury yesterday afternoon, when the car he was operating was struck by a drill engine of the P. R. R.

The accident occurred where the P. R. R. tracks cross the highway leading to the Burlington-Bristol bridge.

The driver of the car was George J. Bohonyi, 29, 425 Morris avenue, Trenton, N. J.

He was taken to the Harriman Hospital but was found suffering only from shock.

The right side of the car was considerably damaged.

Bohonyi had crossed the bridge en route from Burlington to Bristol. He says he saw the engine but thought the trainman signalled him to cross.

The sedan was struck on the right side at the rear by the left step on the tender of the drill engine which was proceeding with the engine tender ahead. The sedan was swung around almost parallel with the tracks.

Trooper Harris of the State Police investigated.

TULLYTOWN

J. Paul Sullivan, S. 2/c, U. S. N., was just returned to Great Lakes, Ill., after spending a ten-day furlough at the home of his mother, Mrs. Kathryn Slager. Seaman Sullivan has been assigned to an engineering school now that he's completed "boot" training.

Mrs. Edwin Driver, Trenton; Mr. and Mrs. Henry Clay, Sr., Miss Patricia Clay, and Reynolds Clay, spent Sunday in Seaside Heights.

Miss Christine Johnson, Abington, spent Wednesday and Thursday at the home of her mother, Mrs. Christopher Johnson.

Mr. and Mrs. Harry Linthicum, Manchester, Conn.; Mr. and Mrs. Edwin Hills, and Reynolds Hills, Bordentown, were Tuesday visitors of Mrs. Helen Nichols.

Robert Chase, S. 1/c, Morrisville, was a recent visitor of Mrs. Viola Chase.

Mrs. Herbert Hooley, Morrisville, was a Thursday guest of Mr. and Mrs. John Chase. Mr. and Mrs. John Abrams, Edgely, were Wednesday guests at the Chase home.

Mrs. Jeanne Bleas, and Mrs. John Hendrickson, Trenton, and C. C. John, and Howard Rhoades, Morrisville, were recent visitors of Mr. and Mrs. William Mathlason.

Mrs. Christopher Johnson and Mrs. Walter Smith were Tuesday evening witnesses of the play "Oklahoma" in Philadelphia.

Mrs. Helen Johnson, Trenton, N. J., spent the week-end with Mr. and Mrs. Fred Irwin.

Mr. and Mrs. Walter Fox, Frankford, were Thursday guests of Mr. and Mrs. Elwood Walters.

TO DEDICATE NEW FIRE STATION HERE ON SEPTEMBER 9TH

Bristol Volunteer Fire Co., No. 6, is Now Making Plans for the Event

TO UNFURL NEW FLAG

House To Be Open for Three Nights for Inspection of Public

Plans are now being perfected to dedicate a new fire station and to have a flag raising in the Sixth Ward on Sunday afternoon, September 9th.

The new fire station, located at Hayes street near the intersection of Farragut avenue, is now about complete, and a flag pole has been erected.

On Thursday evening, September 6th, Bristol Volunteer Fire Company, No. 6, will open a ward-wide contribution campaign to raise funds with which to pay for the new building and its equipment.

On that evening each of the fire companies in Bristol will be invited to bring into the Sixth Ward one or more pieces of apparatus, and the Bucks County Rescue Squad will also be asked to participate in a parade through the Sixth Ward.

The new building will be open for inspection and residents of the ward and in fact residents of the entire borough will be invited to visit the new fire station.

Councilman Charles G. Rathke is serving as chairman of the dedication program which is scheduled for three o'clock Sunday afternoon, September 9th.

A number of prominent speakers are being invited and the complete program will be announced at a later date.

Pfc. Curley Serves In Unit Which is Cited

NEW HOPE, Aug. 23.—Pfc. Francis M. Curley, of New Hope, served as Augur for his battalion which won a meritorious service plaque for activity in the Palau Islands last fall. The award cites the unit for "outstanding devotion to duty in the performance of exceptionally difficult tasks" under dangerous conditions during the invasion of the Palau.

Landing on D-Day plus 2, the aviation engineers managed inside of two months to build an airstrip, a troop area, troop buildings, headquarters and other service facilities. They also completed a survey of the island and helped develop port installations and roads. This work, much of it performed under fire, turned the island into a valuable air base.

Private Curley is the son of Mr. and Mrs. Frank M. Curley. He is a graduate of New Hope high school and was employed by the Academy of Aeronautics in New York until he entered the army in 1943.

VIGOROUS PRODUCTION PLANS

Despite all the left-wing propaganda spread before members of Congress to the effect that to cushion reconversion it would be necessary to drastically increase unemployment pay, there are resounding indications that postwar unemployment will be neither as great nor as extended as the hopeful social planners predicted.

In addition, lusty plans for reconversion announced all over the country sound also like the death knell of the "sixty million jobs" scheme to put the government permanently in private business.

As an example, an authoritative estimate by experienced marketing specialists for one group indicates that in 1947 these American manufacturers are planning to produce 41 per cent more goods than they did in 1939, that the dollar value of 1947 production will be eighty-odd billion by comparison with 1939's fifty-six-odd billion. Furthermore, they estimate that more than 13,000,000 workers will be required to produce these goods, compared to a total of 10,000,000 employed in 1939.

This is but one group, and while its predictions do not pretend to represent all U. S. manufacturing enterprises, there is every reason to believe that its plans are similar to others in extensiveness.

As a matter of fact, in the absence of all statistics, any one can list enough items, from housing units to kitchen gadgets, that are short to insure steady jobs for all the people in this country who really want to work for many years to come.

THE SCALE OF THE WAR

In announcing that Ordnance has developed a new method of canning for the long-term storage of big guns and other weapons, the Army casually ticks in some figures which indicate the scale of the war just ended.

After World War I, which seemed big enough at the time, there were 9,000 pieces of artillery. Now the problem is to care for 750,000 pieces of artillery, in addition to all the small arms, fire control, tank and automotive equipment.

The investment in this equipment is measured in billions. Good housekeeping demands that it be well taken care of, stored, oiled and inspected regularly. Army Ordnance has worked out a plan of "canning" or packaging. The valuable guns with their sights, controls and equipment will be put in boxes of thin steel or aluminum. The air, which may contain moisture, will be pumped out and nitrogen pumped in. This, it is contended, will be the best way of keeping the nation's ordnance reserves in top condition.

This then will be the pantry against the winter of another war—the shelves filled with firepower. Mankind will hope that war, too, is sealed up in the boxes along with the guns.

One observer, just returned, says civilization has "stopped in Europe. This is progress in Europe, where civilization generally is on the downgrade.

The Great Game of Politics

record as Senator. But that record is explained as due more to his belief in supporting the Democratic leader and the Democratic Administration than to personal sympathy with the closed shop and other drastic labor restrictions. Also he is under nothing resembling the obligations to the CIO that weighed down his predecessor.

HIS WIFE has no CIO affiliations. He promptly got rid of the CIO Attorney General, Mr. Hammer, the national chairman, contemptuously shoved aside by the CIO-PAC setup last year, is now Postmaster General. And most important of all, Mr. Truman's closest friend in the Secretary of State Byrnes, who, if anything should happen to Mr. Truman at Chicago, Mr. Byrnes, an aspirant for the vice-presidential nomination, who thought—and with reason—he had Mr. Roosevelt's support, was turned down by the Messrs. Hillman and Murray as "unacceptable" and this subjected to considerable mortification and chagrin. Now he is at the right hand of the President.

ALL THIS the CIO professionals know. The Democratic politicians know. The press knows. It does not mean that Mr. Truman is unfriendly. It just means that he is not tied up. It does not mean that this Administration is anti-labor, but it does mean that it is not CIO. So far as Mr. Truman is concerned the CIO is on the same basis as the AFL. Under Mr. Roosevelt, the CIO had a preferred position. Mr. Truman is a good politician and will not willingly alienate any large voting bloc. But, in dealing with the CIO, his head and his hands are free, which makes a lot of difference.

THE CIO-PAC bosses are fully

aware of the facts and some of their arrogance has evaporated. They no longer have a possessive attitude toward the Administration. They do not run in and out of the White House as they once did. They do not speak in the same tone of authority. Their press agent statements are neither as numerous nor as aggressive. The most recent came from Mr. Hillman last week in which, warning of "10,000,000 jobless" in the next eight weeks, he demanded enactment of Senator Murray's "full employment" bill; of Senator Pepper's 65-cent-an-hour minimum wage; of a national housing program and other measures. Perhaps Congress will enact some of these and the CIO will make a big publicity campaign here, there and around.

BESIDES the reasons above given for the lessened power and prestige of the CIO, there are several others. One is knowledge among Democrats that the CIO has no real choice save to support the Democrats. It is too deeply committed against the Republicans—and there is in that party far greater inherent hostility to governmental labor domination. Another is belief that among the millions of returning service men the feeling against unions is strong, chiefly because of the indecipherable strike record during the war. A third is the recent Gallup poll which shows that all over the country voters are opposed to the closed-shop idea by more than 6 to 1. This is sure to have a political effect. It does not mean that the country is going to

—or should—wipe out all "labor's gains." That would be unfortunate. But it would be more unfortunate if we continued to have a labor government which a majority of the people do not want; or if this became wholly a closed-shop country; or if these CIO leaders were again able to dictate to Congress and prevent the enactment of any restrictive legislation designed to make them as responsible to the laws of the nation as industry is responsible.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 5 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

From where I sit... by Joe Marsh
Songs for a Better World

We were sitting around the embers of Ed Crumple's barbecue last Saturday night, finishing our beer and hot dogs, while Ed strummed the guitar... picking out old, friendly songs.
Soon everyone was singing. The harmony wasn't too good... but the spirit was—a spirit of friendship and good humor.
And it made me think how music—music of the people—overcomes barriers of prejudice and intolerance. A Yankee folksong or an English carol or a Southern melody—they all speak a common language of the heart... bind folks together... help us forget our grudges.
From where I sit, music can help to make the whole world kin. Maybe we ought to have a lot more of it... informal sings around the fire, and in the home. And it's sure true that a mellow glass of beer fits into the picture. It just naturally goes with that kind of music.

Saith Clarke's SHOPPING TIPS FOR BUDGETEERS
NICE PRICE. It is indeed \$2.75 for any one of a stunning group of hats at the Snellenburg (second floor) Budget Bar. These felts look much more expensive. They range from the severely tailored types to soft dressy numbers. Each and every one is of advance 1946 design. The colors are wonderful—spice, coffee, turf green, chili green, Chinese cherry, purple, royal blue, plus conservative black, brown, navy. Designed to make young things look more sophisticated, older women look definitely younger! (2nd floor.)
MEAN JACKETS. COATS of the all-weather type in famous makes of cotton gabardines and poplins, are to be had in unusual variety in the Snellenburg Sporting Goods Dept. Prices range from \$5.95 jackets to heavily lined long Russian caftan coats priced at \$50. The very complete stock of leather jackets and coats is priced from \$16.95 to \$50. Snellenburgs have succeeded in having most of their unusually smart stock actually metal zippered! (3rd fl.)
WEDDING TIME knows no special months these days, but there's bound to be bells ringing overtime this coming September. What could be more refreshing for a world-weary veteran to gaze upon than bright painted or printed flowers of peaceful outdoor scenes? The Snellenburg Picture Dept. is noted for its florals and landscapes, appropriately framed. For example, "Moonlight" reproduced from the original painting by Vickery is heavenly. There's a "Gloucester Fishing Dock" by Hare, the "Winter Sunday Morning" by Wolcott, "Summer Splendor" by Ann Cochran—and many more. All of these measure about 22 x 38 framed. Prices vary. These lovely ones mentioned sell at \$17.95. Others from \$14.99 up. (4th fl.)
AUXILIARY STOVE. You'll be delighted with the trim little two-plate electric stoves that the Snellenburg Housewares Dept. is offering. The stoves, at several prices, offer an extra amount of cooking room. There's an excellent one, at \$7.00, which is almost entirely enclosed. Another two burner is priced at \$6.93 with cord; a one burner sells for \$2.45 with cord; still another is priced at \$2.19, the cord costing an additional 69¢. How grand it is to have extra cooking space on festive occasions! Too, small apartment dwellers or vacationists may find these little stoves sufficient in themselves. (3rd fl.)
CHILDREN'S CANDIES should be of the hard, sort of all-day-sucker variety. The Snellenburg Candy Departments (Chestnut or Market Sts.) always carry some varieties very suitable for youngsters. Just now I am thinking of the fruit flavored "Gloria Gems." Each generous little chunk is separately wrapped, and the children are content with one or two. 59¢ a pound. Luscious, assorted medium-sized lollipops are priced at 69¢ per pound. Real Macintosh or Allen's toffee (made with real butter) can be had at 50¢ for 14 ozs. of the latter, 49¢ a pound for the first-mentioned. Order a supply! (1st fl.)

P.S. Do send clippings with mail orders when you can! Phone free (5¢, 10¢, and 15¢ out-of-town calls only). Penna.—EXT. 10160; Jersey—WX-1150. Shop located Market, 11th to 12th Sts., Phila.—through to 1125-29 Chestnut St. Be heard from you! Faithfully, FAITH.

Stamp 38 Good for Next Sugar Purchase

Washington—Price Administrator Chester Bowles announced today that Sugar Stamp 38 in War Ration Book Four will be good for the purchase of five pounds of sugar beginning September 1st.

Quisling Paid Nearly \$100,000 Annually

Oslo—Vidkun Quisling admitted today at his trial on charges of treason that he received the equivalent of an annual salary of close to \$100,000 as puppet Premier of Norway under the Nazis. Quisling said he was paid directly the amount he was paid. Quisling said—About half of what the King received. The annual allotment of King Haakon VII. under the Norwegian constitution was about \$187,600 which would mean that Quisling collected something near \$93,800.

tion of the bridge spanning the Pennsylvania Railroad above the city. The bus will travel south on Pike, the first stop being at Town Road and Main street; second stop, Main and Brown streets; and third stop, Main street and Fallington avenue. The bus then proceeds to Falls Town high school via Fallington town Road. The return route is the same. The elementary public school will open on Wednesday, August 28th. There is no change in the faculty. Mrs. Chester Bloomfield again teach grades one and two; Miss Elsie Ettenger, grades three and four; and Mrs. D. Colman, grades five and six. Two school buildings here have been thoroughly cleaned. A unit heating system will be installed for both buildings, installed by members of the board of education.

PEACHES WITHOUT SUGAR

By Mary Jacoby Fleetham
(Economics Representative)
Amount of peaches you can eat need not depend on your allowance, for peaches may be eaten satisfactorily with little sugar. One bushel of peaches yield 18 to 24 quarts. Use ripe, fresh, firm fruit and use any with decayed spots, and peel peaches, handling carefully. To peel peaches easily, a few at a time in a wire strainer or cheesecloth, dip in boiling water for a minute, then dip into cold water. The skin slips off easily. Cut peaches in half, remove the pit, and without sugar, cook fruit

side up and away from drafts. When cold, store jars in a cool, dark, dry place.

FASHION PARADE

By Max Factor, Jr.
(Famous Make-up Advisor to the Screen Stars, Writing for I. N. S.)
HOLLYWOOD, Aug. 17—(INS)—Make-up can to some degree make you appear fresh, fit, and energetic when you actually may be tired to the point of exhaustion. Don't, however, depend completely upon cosmetics for this purpose, for the results are purely illusionary ones. It is more advisable to employ some really refreshing devices as a prelude to the make-up.

A brief nap offers a rather dependable source of quick recuperation from tiredness. If you've worked hard all day and wish to actually be somewhat rested and fresh for the evening, take as lengthy a nap as time will allow after you get through work. If you don't happen to be one of those fortunate persons who can go to sleep on short notice, just lie down and relax.

Baths and showers can be effective agents in temporarily defeating tiredness and haggard appearance which often goes with it.

There are no hidebound rules to govern bathing or showering for fatigue-banishing purposes. A procedure which works well for one person sometimes doesn't for another. If you haven't already arrived at a formula which suits you, you will have to experiment until you do.

Avoid Plunging Into Very Cold Water
It's not advisable to ever plunge directly into very cold water. Such a sudden contact offers a

dangerous source of body and nerve shock. Cold should always be achieved gradually, from an at least slightly warm start.

And if you don't like cold showers, don't take them just because you've heard somewhere that they are good for you. If you hate such coldness, the chances are that it is doing you no good. Don't be a victim of shower superstition. It's your shower; take it to suit yourself.

They're back
from overseas
and calling home

They're mighty important calls—those calls to home—and we're working hard and long to put them through.

There are two ways you can help in that good cause, if you will:

Keep your Long Distance calls down to 5 minutes if the operator asks you to do so. And don't make any but necessary calls in the evening. That's when many service men and women like to talk to the folks at home.

The Entrikia children had been suffering with intermittent fever for approximately a month, but with their condition apparently improving they and their parents left for a sojourn at Cape May. While there the condition of the little girls became more aggravated, and they were removed to the hospital upon advice of a physician at the resort.

409 File Claims For Unemployment Funds

they visit the U. S. E. S. office. This is designed to save time.

U. S. E. S. officials report they have listed at present approximately 400 jobs in this area. These jobs represent a marked reduction in rates from what the workers have been accustomed to receiving during the war period, it is announced. "It may be necessary to deny compensation in those cases where persons are offered suitable work and refuse to accept it," stated Francis Mathews, of the U. S. E. S. office. "The workers should be ready to readjust themselves as far as earnings are concerned," he added.

The maximum unemployment benefit is \$20 for 20 weeks period, it is announced. Compensation is determined on the basis of earnings for 1944. The average compensation of the local group is listed at \$20.

SOCIALIZED MEDICINE

bill say that the payroll tax would use up the bulk of the individual income reserve now available for ordinary forms of personal insurance.

And the insurance companies, thus jeopardized, are one of the principal holders of War Bonds.

Not the least vicious point in the Bill is that it would establish as a Federal right the power of seizing part of a working man's pay right out of the envelope—a device worked out to perfection by the late Herr Hitler in leading the German people to slaughter.

It would seem quite unlikely that so pernicious a bill could hope to win Congressional support. But that may not even be the idea. It is perhaps more logical that the Left-Wingers expect to see it killed—and then to dash to the radio and tell the American people that a benevolent measure intended for their welfare was knifed by greedy and sinister interests.

That's the New Deal technique. There's one simple angle to the matter which the American electorate ought to have no difficulty in seeing—that the plan costs five or ten times as much as it should, that the difference will line the pockets of New Deal politicians and favorites, and that the people of this nation will have to foot the bill.

As a matter of fact, it is possible that the discussion of the measure may serve to awaken the public to a fact, the acceptance of which is long overdue: that in most fields the most expensive and least efficient way of getting a job done is to turn it over to the government.

The inefficiency and waste of dictatorships surely has been more than proven during the memory of the present generation.

So far as Pennsylvania is concerned, it is probable that at least five out of six voters who look into the matter will decide against the proposal. Only the handful who want a dictatorship—and their dupes—have any reason to favor it.

But it may very well be that the State's two votes in the U. S. Senate will be cast for the measure. Both Senator Guffey and Senator Myers are too far committed towards New Dealism to "represent" the strong contrary opinion in this state.

Nevertheless, it might be well for Pennsylvania taxpayers who oppose the measure to write their protests to the two Pennsylvania Senators, as well as to Congressmen.

Let's see whether these two Democratic officeholders represent the state, or merely a small but noisy political faction.

Veterans of Pacific Battles Will Be Led by MacArthur To Tokyo for Occupation

instrument as supreme commander for all the Allies, but notables of the major powers also will affix their signatures.

Adm. Sir Bruce Fraser, commander of the British Pacific task force which operated with the Third Fleet in pounding Japan into submission, will sign for Great Britain. Gen. Hu Yung-Chang will sign for China, Gen. Jacques Leclerc for France and Gen. L. H. Van Oyen for the Netherlands East Indies.

Canada and New Zealand will be represented by signers not yet named.

The final touch to his occupation plans was given by MacArthur with an announcement that all Japanese aircraft, except a few unarmed planes flying red streamers needed to carry out the surrender orders, must be grounded by tomorrow.

He ordered Tokyo to anchor or dock all ships and commanded Japanese submarines to surface and proceed to Guam, Midway Island or Subic Bay in the Philippines.

Mines and other obstacles in the approaches to Tokyo Bay must be removed by the Japanese High Command by 6 p. m. Saturday, August 25.

In the flurry of last minute preparations MacArthur did not overlook arrangements for the care and protection of Allied prisoners of war and civilian internees.

He ordered the Japanese government to give them adequate food, clothes and medical care until the occupation forces take over.

Scores of huge C-54 transport planes were gassed and ready to take off from Okinawa to drop 45,000 packages of emergency food and clothing at the prison camps.

Tokyo was commanded to make sure the packages reach the prisoners.

Domei agency mourned that "for the first time in their 3,000-year history the Japanese people will see a foreign enemy on her homeland," but warned that the Allied troops will be "fully equipped and armed."

"In greeting these foreign troops as victors," Domei said, "the feelings of hate and uneasiness are natural."

"However, it is well to believe that the Allied landings will be carried out in an orderly manner and that the troops will do nothing to harm law-abiding citizens."

"Those who will come into contact with the Allied forces must bear in mind that they will occupy our mainland fully equipped and armed."

"After the complete withdrawal of Japanese troops, they will seize control of all our strategic centers, with decisive armed strength."

Domei claimed, however, that it was agreed at the preliminary surrender conference in Manila that "all matters relating to the control of the Japanese people will still be carried out under Japanese rule."

CORNWELLS HEIGHTS, Aug. 23.—Class No. 4 of Cornwells Methodist Sunday School held a meeting on Monday evening at the home of Miss Helen Durr, Cornwells Manor. The vice president presided. Refreshments were served and game prizes were awarded. The next meeting will be held at the home of Miss June Melhile on Sept. 3rd.

Those attending: Dorothy and Evelyn Ream, Mary Jane Vandegrift and June Melhile.

Today's Quiet Moment

By Rev. J. H. Queen
Pastor
Bethel A. M. E. Church

Eternal Father in heaven, we thank Thee for the manifestation of Thy kingdom through the visible church. Give us a vital membership, one that is effective in conduct as well as in worship and praise. Teach us how to make a contribution which shall be an expression of spirit as well as a material gift. Lead us into a unity of action and worship that together we may show loyalty to Thy cause. As we follow Thee may the church grow and become the real expression of the kingdom of God on earth. Through Jesus we pray. Amen.

Ellis will arrive this week to visit Mr. and Mrs. Joseph Ellis, Buckley street.

Mrs. Dena Van Eten, Lakewood, N. J., who was a patient in the Paul Kimble Hospital, Lakewood, for nine weeks, is recuperating at her home. Mrs. Van Eten was formerly of Bristol.

VOLTZ-ROEBLING TEAMS BATTLE TO A 4 TO 4 TIE

Grindle Pitches for Gasmen
and Gets Off To a
Shaky Start

BUT SETTLED DOWN

Szucs Hurls for Roebling;
Whitewashes Locals For
Four Frames

The Voltz-Texaco and the J. A. Roebling teams battled to a 4-4 tie in the first three innings of a Trenton Industrial League game on Leedom's field.

On the mound for the gasmen was "Bill" Grindle, of Eddington, who has been pitching in several Philadelphia Industrial Leagues. He had a shaky start but settled down in the last three frames to blank the second-place Roebling team.

"Johnny" Szucs did the hurling for the Roebling workers and after being nipped for four runs in the first three innings, whitewashed the locals for the last four frames, during which stretch he allowed but one hit.

The Steel workers attempted to get something going in the seventh when with two out both Rossi brothers, Mike and Pete, got base hits but Budd failed to deliver and was the third out of the inning.

The Roebling team pushed over a pair of runs in the second on a single by Pulcini. Walter's two-bagger, and a hit by Felski. In the following inning, Rossi's hit, a foul ball, and a fly ball and infield out scored another run while the fourth was scored on hits by Felski and Pescopo.

Voltz scored in the first on a hit by Rockhill. Angelina's sacrifice, Costello's double. Hits by Ludwig, Grindle, and Rockhill and Rossi's error gave the gasmen a cue of runs in the second while the fourth marker in the third was the result of base hits by Broderick and Griggs and a fly to the outfield.

"Vic" Rockhill led the Voltz batters with three hits in four trips

to the plate while Costello batted out a pair of doubles.

SUBURBAN LEAGUE MAY END TONIGHT

There is a possibility that the Bristol Suburban League may end this evening as two games are scheduled.

The Diamond team meets the Schutte-Koerting nine at the Echo Beach field, and Badenhausen plays Rohm & Haas on the Maple Beach field. Both tilts are scheduled to begin at 6:15 o'clock.

Badenhausen has not clinched the championship as yet because of the defeat handed to them last Tuesday evening by Schutte-Koerting. The "Badies" have won seven and lost one. Diamond, which is in second place, has won three and lost one, while Rohm & Haas has won three and lost five. Schutte-Koerting has two victories and five defeats.

If Schutte-Koerting beats Diamond this evening and Badenhausen is successful in its tilt with Rohm & Haas, then the "Badies" are in and the remainder of the schedule will be played with Badenhausen playing Schutte-Koerting tomorrow evening and Diamond meeting Rohm & Haas.

FALLSINGTON
